Ancient Egyptian Fashions (Dover Fashion Coloring Book)

Synopsis

Drawing on images from temples, wall paintings, pottery, and other artifacts, artist Tom Tierney has created a magnificent ready-to-color panorama of authentic clothing styles worn by the people of ancient Egypt. Forty-five full-page illustrations depict clothing styles for the highest and lowest members of Egyptian society, including a fashionable sheath worn by an Egyptian princess, a sheer kilt and red crown worn by a king of the Old Kingdom, a pleated skirt for an exotic dancer, a ceremonial robe of leopard skin for Queen Hatshepsut, simply draped gowns for court musicians, a variety of intricately styled wigs, lavish headgear for royal figures, and much more. Accompanied by accurate representations of period accessories (weapons, fans, symbols of office, musical instruments, etc.), these handsome illustrations are sure to delight coloring book enthusiasts, students of costume design, and fashion historians.

Book Information

Series: Dover Fashion Coloring Book

Paperback: 48 pages

Publisher: Dover Publications (July 12, 1999)

Customer Reviews

ancient egyptian fashions by tom tierney is a great book. in this book you will see what old kingdom pharaoh's and their wives dressed in, as well as princess's, scribes, painter's, egyptian couples of rank, dancer's, and women. you will also see middle kingdom pharaoh's and queen's, men and women, maidservant's from the court, dancer's and slaves. you will also see new kingdom

pharaoh's including hatshepsut the female pharaoh, you will see queen's, noble couples, priest's, soldier's, court musicians, musicians, and a princess and a slave. you will also see gods like osiris, thoth, anubis, and amun. you will see the hair styles of ancient egypt as well. this is a great book on ancient egyptian fashions.

I know when I see the name Tom Tierney on a book of fashion paperdolls and costumes that it will be accurate, historic, and colorful. His work never ceases to delight me. The paperdolls and costumes were (are) wonderful!

I ordered this book and the other, "Ancient Egyptian Costumes, Paper Dolls" by the same author, not for the coloring book and paper dolls, but because of the clear and simple depictions of the ancient Egyptian costumes, both in black and white and in color. My reason for buying these books, when I discovered them at .com, was not only for education, but for the ability to see exactly how the costumes, hair styles, shoes and accessories looked. Many books have templates of Ancient Egyptian dress, but most are difficult to interpret for my purposes. My hobby is making and dressing dolls, and these books are invaluable to me to be able to draft and create patterns and fit them to the individual dolls I am dressing. Author Tom Tierney has produced just the right blend in his artistic renditions to give me the creative help I needed. These two books will be cherished additions to my doll dressing research library. Thank you Mr. Tierney, and thank you !

I love all the details that went into this book. And as for side boobs, who cares? It's not as if it's full of full frontal nudity, or anything like that. Besides, back then, in THAT climate, you went naked a lot of the time; especially if you were poor or a slave. It was just a fact of life. It's not as if this book is depicting any kind of graphic sex! THAT would be gross! But side boobies? Boobs are simply overly enlarged sweat glands meant for two things; attracting mates and feeding babies. That is IT!

This book is a great way to see what clothing was worn from slave to pharaoh. I teach ELD 6th grade and we cover ancient civilizations and it's really hard my students to picture the people so I was hoping to use this book for visuals. Since clothes were not as modest as now I unfortunately won't be able to show the pictures that have bare or detailed breasts even though that's how they were. So the con for me is I can't use all of the pictures for what I intended. I will probably buy the Greek one as well but I assume I will have the same issue.

This will be a good book to use in my classroom. However, I have to take points off because of the boobs. Both women AND men have exposed nipples, in *some* pictures. Other times, there is an implied chest, which is more tasteful. That being said, why do all the women need to be so well endowed? Couldn't some women be curvy, and some be flat chested? Just thoughts I had while flipping through this book. Most of it will be very useful!

These are great excellent product: I got this for my Grand Daughter and she loved them, I you need a little skill to fill them in as there are many small details. There are also a few side views of naked breast presented in a very professional way representing the clothing of that period.

The Following are great Books and few games that certianly are worth it buying and very rich with Wisdom Technics and step by step guidences the only major concern was that mostly all books the games and PSP console were left on front door by carrier, and I have two jobs which makes it hard to be at home waiting for UPS to arrive and some Neighbors might feel tempted..
