Fashion Design Studio: Learn To Draw Figures, Fashion, Hairstyles & More (Creative Girls Draw)

Synopsis

This fun introduction to design opens the world of style to budding fashionistas! Bestselling art instructor Chris Hart not only gives step-by-step instructions on drawing figures from many points of view and in varying poses, he explains the tricks of the trade: how to dress your figure; render color, texture, and print; and create accessories, hairstyles, and makeup looks. An overview of tools, materials, and essential skills will help you bring your creative vision to life!

Age Range: 10 and up

Grade Level: 5 and up

Customer Reviews

Christopher Hart is a genius when it comes to teaching art. Unfortunately, this book doesn't quite live up to the bar he's set with previous works. It teaches elementary figure drawing, along with faces, hair, hands, feet, and clothing. But his previous books did a much better job. This one skims over the basics, never quite giving enough information. The only element that sets this book apart is the fact that it touches on clothing and fabric, which his other books skipped. Its one redeeming quality is that it doesn't limit you to drawing stick-thin models. Some actually have curves! As for the clothing and hairstyles, much of it looks vague, lacking in detail. And the looks are seriously dated. The author's comic origins show through quite a bit, too. One model is wearing a cape with a triangular turtleneck collar, looking exactly like some alien superhero. I would not recommend this

book if you're serious about learning fashion illustration. I know it's intended for girls who are learning to draw, but I wasted years of my life being unable to draw the way I wanted to, simply because I read books like this, instead of books that actually taught good drawing skills. I hate to be so critical, since Christopher Hart's other figure drawing books are so good. But this one just isn't. Recommended instead: * Figure It Out! (Christopher Hart Figure It Out!) Christopher Hart's essential book on figure drawing.*
