Customer Reviews

I love this planner. It has different designs on each page where some of the planners like this have the same type of designs for the whole month or week. Lots of space to write for each day of the week. Very well set up planner. It also comes with a plastic cover for the front and back so after you color in the cover it is well protected.

This thing is amazing!!!! I don't know where to start coloring. Whoever came up with this is a genius. If you love to color and use s planner as much as u do you will be more than happy with this purchase.

My spiral planner came as already defected. The back cover came as completely separated from

the rest of the planner. I would like a completely new one sent to my house asap instead of going through the hassle of returning this planner and waiting for a new one.

this is amazing...simplistic with tons of writing space. I love that every page is a different coloring sheet. very relaxing when I am between classes.

I love this planner! It has plenty of room for me to fit everything in one place. Although I do color a lot during grad classes now. Haha
