Customer Reviews

I think it's hilarious that people actually gave it a 1 star review saying it was trashy and disgusting. What did you expect out of a coloring book with the word fetishizes in the title? Butterflies and kittens? Maybe you should actually read the product names before you make a purchase. I for one, think this is great.

This was the wrong gift for my mom. IT was also the wrong gift for my 8 year old cousin. It was absolutely the right gift for the guy with night vision goggles across the street. He no longer spies. Great success!

Super dirty fun! Broke this out, along with a few other adult coloring books and had a great laugh with friends!!

Got me laid.

What a fun, kinky way to celebrate the darker side of life. Some of the pix might even make a hardcore fetish freak blush. Great gift for your funky friends. Not for the prudish !!!

Oh my. Bought as a gag gift (no pun intended) and boy was it funny. Would buy again.

There are a lot of funny and interesting pictures in here and for the price I think it was totally worth it

I love it! It was bought off my wishlist as a Christmas present. I love how it covers a wide range of fetish and kink.
