## Customer Reviews

This devotional is unique in that it offers you not only a daily devotional guide, but a song of praise to go with it. I have found that when I use this devotional the message stays with me because of the worship songs that are included. The pages are set up so that on the left hand side is a worship song, and on the right hand side is the devotion for the day that correlates with that song. I think you will find this devotional to be refreshing and rewarding. One that doesn't take a lot of time, but has a lasting effect.

Surprisingly, I rated this book a four (4) star because it seems so short. I just got going on

understanding what it means to "Open the Eyes of Our Hearts" and found myself on the last page. When read with a sincere request of our heart, this book delivers on the request. I recommend it to anyone who sincerely wishes to see Our Lord more intimately.

Since I already have bought a couple of the other books in this series, I knew what I was adding to my collection. These books make the songs and the composers so alive for me. I give workshops on the history of the hymns/songs, why they were written, what circumstances provoked God's promises to the composers and people realize how God speaks to all of us, if we just listen.

I've found that I get more out of this devotional than any other I've read. The devotions are short and interesting and they really make me reflect on my walk with God and I have grown a lot spiritually through the devotions in this book. The authors draw great insights from even the simplest praise choruses. Each devotion is very insightful and interesting regardless of whether I am familiar with or like the praise chorus the devotion is based on. This devotional has been very rewarding and there's lots of devotions in the book so not only is it a good thing but it also can last a long time. And it doesn't have dates written on the pages, so you can easily read it with other devotionals because it's not one that has to be read every single day. The two other praise devotionals by the same publisher are excellent too but this one is my favorite!

I love this book. I enjoy reading the devotional and the lyrics of the music and I have the music version of this and I followed along. This is a great book. The lyrics stay on your mind and you praise the Lord in that. This is a great book.

A fine gift to those whom you cherish and who are to believers! Or For those whom you'd like to inspire! Well done, nicely recorded and a joyful tribute to God!

I enjoy the songs and devotions in this series. The appropriate scriptures and prayers are also very nice to have and read.

This book has all the stories of the songs which I love and is so easy to get!
