Enchanted Forest: An Inky Quest & Coloring Book

Synopsis

Fall under the spell of the #1 New York Times Bestseller! This magical coloring book by Johanna Basford takes colorists through an enchanted forest to discover what lies in the castle. Similarly interactive like SECRET GARDEN, ENCHANTED FOREST also features hidden objects and fun mazes. Beginning at the entrance to a fairy-tale forest, the journey progresses through highly embellished woods and through intricate flora. Castles, treasure chests, and other magical elements add a fairy tale narrative to the designs. Special features include a gate-folded two-page spread, and a colorable jacket.

Customer Reviews

Hello, my name is Tifanie and I belong to colour's anonymous. It all started 3 weeks ago when I walked into Costco and saw this beautiful book sitting on a shelf. After flipping through the book while walking through the store, I decided to put it down and not purchase it, due to just having made a large purchase and couldn't afford something "frivolous." 3 days later and I couldn't stop thinking about this book, so I headed back to Costco, only to find they were completely out of stock. I rush home to order it online, and found it also out of stock. Thus began my search for this book. 2 weeks later, I finally found it, restocked back at Costco (yes, I didn't buy it on , it's STILL out of stock) 1 week having this book and the quality of life in my house has plummeted. The children have been feeding themselves on microwave Kraft dinner and toast, while wearing their pj's all day and

given free range of video games. The husband quietly weeps in the corner as he watches his wife fall deeper and deeper into her addiction. My friends shake their heads in annoyance at me as I yet again, bring up another conversation of my new book, or 172 pencil crayons that I use to colour them with (crayola and craz-art, I'm not fancy enough for prismacolors) My hands have reached early arthritis, but I push through the pain. My thumb pads are permanently indented now and feels really weird to use them on anything other than a pencil crayon. I'm sure as the weeks go by my obsession and addiction will slowly wittle its way back into a more normal stance, perhaps I'll colour only an hr a day, instead of 6. Alas, I tease. I have thoroughly enjoyed this book, and totally understand why it is so difficult to find. It's beautiful.
