Synopsis

This is the second book, with more sketches and amazing art! You probably enjoyed the first book, but youâ ™ll enjoy this one at least as much as the first one! This book is full of beautiful sketches that will help you along the way to becoming a great action artist. Action figures are all based on standard proportions and poses, and in this book, youâ ™ll learn how to draw those. Sounds fun, right! Some of the things youâ ™ll learn in this book: More comic anatomy More fighters and crazy poses How to draw even more attractive women Drawing strong guys from action figure examples And much more! Keywords: drawing comic figures, draw action poses, drawing action poses, how to draw action poses, how to draw comic poses, draw cool comic figures, draw comic characters, how to draw comic characters, draw action poses well, methods to draw action figures, ways to draw action figures, action figure drawing book, action figure book, action figure art, drawing guide, draw action guide, drawing action figures ebook, book about drawing, drawing books, drawing comic book, comic book drawings, draw females, draw swords, drawing females, drawing males, drawing women, drawing men, how to draw women, how to draw men, draw archers, draw swordsmen, foreshortening, basic proportions, draw poses, drawing swords and guns, how to draw guns, how to draw muscles, draw muscles, draw anatomy, how to draw anatomy, learn to draw, learn to draw anatomy, learn to draw action figures, learn to draw men, learn to draw women

Customer Reviews

I’m so glad this book exists! I’ve been trying to figure out how to draw my own comic book figures for

a while no (planning to make my own comic), but didn't encounter any good guides until this one. I can already draw simple figures,but with the help of this book I'll be able to turn my characters alive by making them look realistic in doing a variety of poses. There are plenty of examples together with clear explanations.

Before this guide, my biggest challenge was getting proportions right. This book addressed that point well and helped me improve my technique. If youâ ™d like to learn or improve your drawing skills (specifically, figures), Iâ ™d recommend this book.

This book is not for beginners, and I highly recommend that anyone interested in this book also purchase the author's Book 1:How to Draw Action Figures: Book 1: More than 130 Sketches of Action Figures and Action Poses (Drawing Action Figures, Draw Action Figures Book, How Draw Action Poses, Draw Comic Figures) for more basic instruction in drawing action figures.Although the book is short, it is filled with helpful examples and clear explanations of how an artist can depict action in an illustration, especially in graphic novels. The last section of the book shows how a rudimentary black and white sketch is transformed into a .colorful action figure charging right at you.
