The title "Mastering Manga 2 level up with Crilley" describes this book very well. With this book, Mark Crilley delivers a most anticipated second lesson on Mastering Manga. For some manga aficionados, this is the Manga 102 that they wished the first book were. As in the previous iteration, this book is divided into 3 main parts, with some introductory and final sections: Introduction What You Need Putting Your Materials to Work: Making the Manga Eye Anatomy of a Manga Panel Part 1: Head and Faces Part 2: Proportion and Poses Part 3: Bringing it all Together Conclusion Index About the Author Like in the previous book, several sections of this book are introduced with a comic-book-style page. The introductory sections provide the basis of what you need to know to draw manga which makes this book a stand alone how-to-draw-manga book. Part 1 to Part 3 also cover similar material as in the first book, with more detailed drawings, but with less reference material. Part 1 focus on the head and faces. This section includes 7 to 8 steps tutorials on how to draw detailed female and male heads in front, profile and 3/4 views, bird's eye, worm's eye views and even a fantasy cat girl character. There is also reference material for 16 female and male hairstyles for female, 7 facial expressions, various samples of real and manga styled eyes (3), ears (2), noses (3) and mouths (4), various samples of glasses (4) and hats (4). Part 2 focus on the body.
