Customer Reviews

It has a variety of lighthouses. i like that at the end of the book it has a chart to use for your color pencils. You can color the squares and name or use the numbers of the pencils.

This was a gift for my sister-in-law, she likes anything about lighthouses.

Over priced and low quality. This book is in no way worth the price. I would value this item at \$1.49 and that would include the shipping.

Very nice book. Look forward to doing more pages.
