Customer Reviews

I got these for myself for Christmas. Just because they looked so beautiful and henna tatoos are so popular now. I didn't want to spend much for a real kit. This little sample book was the perfect choice. You get 9 individual paisley designs and 1 large string of them that could be a bracelet. They are easy to apply. I cannot say how long they last yet as I just applied one. I'll try to remember to come back and update that fact. They are 1-2 inches in size and the long one is approx 5 inches. Tastefully done for adults.

I really liked this product. It was what I thought it was going to be and arrived in good time.

I have purchased a range of the Temporary Tattoos by Dover Publications. I've never been disappointed. I find these a better quality than other temporary tattoos. They last at least a week on shaved skin surfaces. Good way to see if you might like to have a permanent tattoo in a public spot.

See their Henna Floral and just plain Flowers tattoos too!

I expected a full sized book and received a tiny booklet about half the size of a paperback in dimensions with zero pages! Instead it has one small sheet of stickers it considers tattoos, kind of like the press on nails that never stay on more than 5 minutes. The tattoos themselves are extremely small as well, but what can you expect from something about 4" tall by 2.5" or so wide? I'd return it but the cost would be more than I paid for it, so I don't recommend this to anyone, sorry.

Be warned that these are SMALL TINY books. However there are several tats that you can cut out and use. They apply quickly without any issues. My clients like that I can use these on the little kids so they feel like the adults. :)

Probably should be 5 stars. Although these brown (henna) colored temporary tattoos work as advertised and are attractive, they are not as pretty as one of Anna Pomaska's other temporary tattoo mini sheets: "Henna Tattoos".

I keep purchasing these because they are fun little skin accessories. Fun and easy to use. People actually believe they are real tattoos.....until they start to wear off, of course. But then you can just take off and re-apply.

I would not buy this again. I know it's only 2 bucks, but it says that they will last, but after a few hours, it starts to wear off. It also says that you can use soap and water, but if it is on you hands, that's a lie. When I gently, and I mean gently as in barely touched the tattoo it smudged off almost instantly. The picture was after I rubbed on it 1 time
