Synopsis

Let your heart be filled with cuteness! Whimsical World #2 is another coloring book by artist Molly Harrison, featuring fairies, witches, angels, mermaids and more. The characters are sweet and childlike, in whimsical settings. If you like this book, please be sure to see Whimsical World which is the first in the "series" of sweet, tiny, fantastical creatures and characters. This coloring book is suitable for colored pencils, markers (be sure to put a piece of heavy paper between the pages), chalk pastel, and gel pen. It is not suitable for any kind of wet media. Have fun coloring to your heart’s content!

Customer Reviews

While this is my first coloring book by Molly Harrison which is devoted to little girls fantasy characters, it is actually the second in the series. I have colored a few of this style of designs that were included in other coloring books by Ms. Harrison. I enjoyed them so much, I decided to purchase this book as well.The designs are adorable. The little girls are fairies, mermaids, angels, witches, and maybe even just little girls! They have sweet round faces with rounded shoulders and non-existent noses. They are set in cute backgrounds which give context to the subject of the design. Some have animals to cuddle while others have balloons to hold or a crescent moon to sleep on.The designs are also easy and fun to color. I like these kinds of projects to work on while I am working on something more difficult. Rather than get bogged down, I pick up a fun, happy and easy project and finish that. It usually gives me the burst of energy to finish off my longer project as

well.This is what I experienced while coloring in and testing the paper of this book with my various coloring medium:25 Whimsical Fantasy Designs of Little GirlsPrinted on one side of the pagePaper is typical of Createspace â “ it is white, thin, slightly rough and non-perforatedGlue BoundDesigns do not merge into the binding area and have double framing lines at the outer edge of the design. I really appreciate this finishing feature on designs.Book opens fairly flat for coloring purposes.Alcohol-based markers bleed through this paper.
