## Customer Reviews

Pictures and images of the book can be found at the bottom, to the right, near the review section at "customer's product images" The book is wide and tall and very tough. It's mostly images and it was a joy to read and see. The true fashion Bible!

Which is to say that this is a very big book filled with fascinating information and gorgeous illustrations. It would make a great gift for someone who loves the mystique and history of the fashion industry.

GORGEOUS BOOK! I'm not going to lie so I'll admit that I bought this book mainly for aesthetic purposes. It matches the color scheme of my desk and the thickness was perfect to be used under my monitor. If you're looking for a beautiful coffee table book this is perfect. I did flip through the pages and the photos are great and the book is made out of quality material. Well worth the price!

I've wanted this ever since it came out and when I got my first job I bought it with my first paycheck. It's just as big as you'd imagine and has beautiful work inside.

This is organized like an encyclopedia from A to Z with fashion icon's by first name. Quality paper and excellent photos of models wearing their fashions.

I bought this book as a gift for a friend in the fashion industry and she LOVED it. I think anyone who is a fashionista will love this book.

This book is seminal for anyone in--or interested in--Fashion. Which means it should be required reading/viewing for pretty much everyone.

This is a beautiful book for anyone interested in fashion or beautiful photography. The captions with dates and names really flesh out the backstory. You can spend hours pouring over this book, again and again!
