Customer Reviews

I chose this book to see some of the interior designs of these homes and get an historic perspective. I felt the historic part was somewhat lacking because of a lot of emphasis on some of the newer, more flamboyant homes.

How nice to be a snoop and not feel guilty. There are many homes on the lake that I have wondered about and this book gives us the scoop on their histories and interiors.

The book was excellent and I bought it as a gift. The recipient is familiar with the area and I thought it would be fun to have...unfortunately, the gift was a duplicate. Not being from that area, I had to return the book....

This purchase was an awesome addition that will allow us to safely boat around the Apostle Islands and Isle Royale on Lake Superior this summer. Very detailed and informative. It is definitely fitting the expectation and other's reviews are true to form.
