Customer Reviews

This Adult Coloring Book Is Such a Great Idea, I'm stuck in the hospital for 3 months and have been searching for anything new to keep myself busy. I received this adult coloring book as a gift. I thought this sounded fun and it's definitely helped me to blow hours. It's very detailed so you it's very relaxing to just not think and focus on the colors for a while. The result is really beautiful pictures. It does take a long time though because many of the pictures are extremely detailed and have very small details. The pencils need to be very sharp to even stay in the lines. This would not be great for someone who doesn't have a good attention span or doesn't have a lot of time. The pages are printed on thin white paper which is not perforated. The designs are printed on one side of the page with the back left blank. A good number of the designs merge into the binding, which makes removing them from the book (with a pen knife) more difficult. My gel pens and markers all leaked through this paper. Not a problem, though, as I can put a piece of chipboard or a couple of heavy weight pieces of paper under the page I am working on to keep the ink from leaking through.
