Absolutely outstanding dot-to-dot projects! Beautiful Mandalas. Looking for another one like this one. Have done several of these dot-to-dot books, but this one is definitely worth the money you are going to spend on one!

I have several of these books by different artists. I wish this one was like the others where you don't draw across numbers that you haven't gotten to yet. I connect the dots and my mom colors them. :)

I love doing dot to dots and coloring, so this is perfect for me.

Interesting book. Very detailed. I bought this as a gift for my friend and when I got it, I would find it hard to do, even with a magnifying glass!

Bought for my wife. She is about a quarter the way through it already and loves this book.

The estimated delivery was right on time and had no problems.

Great, it has everything I wanted.

Interesting and relaxing
