Customer Reviews

There are two books with the same title, Classics in the Key of G. The less expensive one has leadsheets only, while the more expensive book has a soprano saxophone lead sheet with the solos transcribed and the original score with all instruments.

I was only expecting an arrangement for the saxophone but was surprised to find out that it was for the entire band. This is great!

I also really need a CD for this book. But the book is really good

I love this transcription
