Van Gogh: 16 Art Stickers (Dover Art Stickers)

Synopsis

Widely regarded as the greatest and most revolutionary of Dutch artists after Rembrandt, Vincent van Gogh (1835â€”1890) produced hundreds of drawings and oil paintings during his brief career as an artist. Often employing violently interacting colors and forms in his work, he exerted enormous influence on the art world of his era. This excellent collection of 16 expressionistic masterpieces painstakingly reproduced in sticker format recalls van Gogh's brilliant legacy. Included are Sunflowers, The Bridge at Langlois, The Postman Roulin, The Church at Auvers, Vincent's Chair, CafÃ© Terrace by Night, Siesta, La Berceuse, Self-Portrait with Gray Hat, Portrait of Dr. Gachet, and six others.

Customer Reviews

Believe it or not, doesn't come with Starry Night. His most famous painting is excluded! But, considering the cost is about the same as he made over his art career, I guess I wont complain, at least not loudly.

These stickers are approx. 1 3/4" x 2 3/4" and include the title of the painting and artist name. They are clear, good quality despite being sticker size. There are many applications for these including stationary, envelopes, etc. or make great stocking stuffers.

I was a little disappointed when I was able to look through the sticker book when I got it because it

didn't include many landscapes, especially it didn't include Starry Night, my favorite. It has Sunflowers, Vincent's Room, etc though but 8 of the 16 are portraits. Still good, but I just personally prefer the landscapes.

My son loves great art and these stickers help youngsters grow an appreciation for great works of art. I wish they were larger so that you can really see brush strokes and appreciate these wonderful paintings.

Beautiful and affordable. They make wonderful additions to letters for friends, and my young son likes to make his own stationery with them. We also contributed some art stickers by Matisse and Degas to his classroom for a celebration of spring.

These little works of art are great for many uses. They are 1 1/2-inch by 2-inches, so you can use them on calendars, notes, or for children. They are well-made with rich, beautiful colors. Absolutely great for use with kids.

Bought these for a friend that loves Van Gogh. The colors are amazing and the stickers are the perfect size. Use them to decorate cards and letters, or use them for a craft project. Definitely recommend them to any art or sticker lover. :)

I was writing letters to a friend who loves Van Gogh and wanted something to make the page sparkle a bit, so I got these stickers and used them in the letters. They are just exactly what I wanted and worked just as I had hoped - very nice tiny reproductions of some of Van Gogh's most famous works.
