Where my other books by Ms. Sarnat focus on a single subject (owls, cats, fashion), Pampered Pets is more generalized over a variety of pets. These include many cats and dogs (singularly and together). There are also a number of pig designs and a reptile, bird, horse, and others especially in designs where there are more than one animals. As you can expect from Ms. Sarnat,

the pets are adorable and are in various places with lots of additional fun elements added to them. This book is published by Skyhorse Publishing. I have two other coloring books by another artist by this publisher in their premium line (New York Times Bestselling Artists' Coloring Books â “ note this is the name of the line and not necessarily indicative of the status of this book as a best-seller.) I currently have three other coloring books by Ms. Sarnat by two other publishers (including Dover) and the art in this coloring book is of the same excellent, fun and cute quality. I chose to do a cat design for my first one. I used alcohol-based markers and a new (to me) type of coloring pencils (Tombow Irojiten Colorpencils.) Please note that I did not test these pencils with this book. I usually spend a month or more with a new medium learning how to use it properly before adding it to my tests. I will say that I loved the lighter pastel tones for doing the background of this design and that I really enjoyed coloring this cute cat.

Coloring books: Marjorie Sarnat is easily one of my favorite artists and this coloring book is an amazing example of her best artwork, this book breathes new life into the art of Coloring. Through the intricate interweaving and combining of Glamorous Cats, Delightful Bunnies, Playful Puppies, Charming Horses, and Pudgy Pigs all with large mesmerizing eyes that immediately draw you in, then she adds captivating, unparalleled combinations of adornments embellishing the backgrounds, scenery, borders, and even the animals. Her art is brilliant in conception, skillfully and meticulously executed creating delightful and charming artwork that will inspire you and take your creativity to new levels. The cover picture is in this book and is representative of all the images. If you like the cover picture, you will want to color every single, delightful illustration in this book. This book in the same artistic style as Creative Cat, and Owls both, best sellers, is my favorite of the three, it is larger with 49 illustrations, plus in this book you find a variety of pet animals, all delightful. The artists style seems have been perfected in this book and I love every single picture. This book is a perfect gift for school aged children and adults, colorists of all ages. 1. 49 illustrations printed one per page (the back of each page is blank) on bright white, medium weight paper. Each page is perforated for your convenience. 2. The paper is a joy to color on, Crayons, Colored pencils, Watercolor Pencils, Markers and Gel pens lay down smoothly and brightly. 3. All markers bleed through the pages, I place a buffer page under the page I am coloring to prevent damage to the next image. 6.
