Customer Reviews

This book will captivate and inspire you!You will want to color every illustration in this book from the simply detailed flower collages, to the mind bending psychedelic patterns. You will find kaleidoscopes, mandalas, lovely artistic, flowing, entangled and interwoven flower and geometric designs, hypnotic and 3 D designs, each with varying styles, and difficulty.Bring out your imagination, stimulate your senses and creativity, and as you become engaged in the enjoyable, relaxing activity of Coloring, it calms you and almost immediately starts reducing your stress level.This book is a perfect addition to your coloring library, a perfect gift for school aged children, college students, or adults who enjoy coloring, and a much easier way to reduce stress than going

to the gym.1. 50 illustrations printed one per page (the back of each page is blank) on medium weight, bright white paper.2. This book is a joy to color in. The paper is a bit textured and seems to grab and capture the color from every color medium I tried, Prisma Colored pencils (Soft core, Scholar, Watercolor, and Verithin), Crayola colored pencils (Watercolor, Twist-able, and Color) Fiskars Gel pens, Irma Gel Pens, and even Crayola crayons. The color lay down smoothly and filled each area easily without going over that area multiple times.3. If you use markers, felt tip pens, or gel pens place a scrap piece of paper under the page you are coloring, and leave it there until the page is completely dry. This will prevent leaching on the next picture.4.
