Customer Reviews

My daughter and I both play piano for churches, and both of us love Melody Bober's arrangements and use them frequently. As soon as I see a new book of hers for sale, I call my daughter and tell her about it. This is another good one. The love theme is always appropriate for services of any kind, so this book is especially useful. I have advanced and intermediate level books of hers, and I like them all. Some arrangements are more challenging than others, but all are attainable with some focused practice in a relatively short time. If you've never had a "Bober Book" as we call them, try one! I wish she would put out a book of patriotic pieces.

These arrangements are, shall I say it? Lovely! They are just the right difficulty to sound impressive without taking too long to master--great for an intermediate or early advanced player. Melody Bober

uses many techniques similar to Cindy Berry's, such as playing octaves and carrying the melody over to the left hand, plus an occasional glissando at the end! Also, what I really like is that these classic hymn arrangements are traditional, making them appropriate for our more conservative church services.

Very joyful songs, pleasant arrangements, easy to sight read.

i like the themed books; beautiful arrangements; easy enough to learn with some work. Don't like any jazz elements but this is minimal

Melody Brober is one of my favorite composers...I am a volunteer music coordinator in Parmly Lifepoints .
