This is a must read for any one wish to study archtitectural art and Interior design. A must read for those interesting in lighting.

this book was for a class. it arrived on time and in the condition it was stated to be in. what more can you say about a class book

this is a very handy book for any beginner who wants to learn quickly and efficiently about light

I am using this book for an Interior Design class. It has lots of good information. It could be used as a reference book. I also love that the book is a Kindle book. I can take it with me on my phone.
