Taylor Swift and the clarinet, too. My granddaughter's has just started playing and she loves these songs. Maybe she'll accompany one of her sisters (standing in for Taylor, of course). So happy to have found this. Great fun for the whole family.

This was a Christmas gift for a niece. When it arrived the packaging appeared to be wet, and upon examining the book, it had indeed suffered some minor water damage. Nothing terrible, just a bit annoying. Called to begin the return process, and they told me to keep it at no charge. Completely unexpected, thanks. As for the book? My niece was happy with it and that's all that really matters.

Both of my daughters play the clarinet, so I bought each of them a book of their own. This is a great tool for the times they are getting a little bored with the daily "must-play" music for their band. This

has allowed them to enjoy their clarinet practice time.

I love Taylor Swift and I love her songs. The songs in this book do sound like her songs when your playing it on the clarinet. I am a big clarinet lover and I would say if you love Taylor Swift and playing the clarinet, get this book.

It made getting my daughter to practice her clarinet a breeze!! She loves this! And it's great with the CD to play along with.

This is a great piano book, and our granddaughter loves it. It's great to find something like this without leaving home.

Bought this for my Granddaughter so she can practice her clarinet. She loves it.

Great
