# Butterfly Garden: Beautiful Butterflies And Flowers Patterns For Relaxation, Fun, And Stress Relief, Vol. 10

## Synopsis

Beautiful Butterflies and Flowers Patterns For Relaxation, Fun, and Stress Relief On their own, butterflies might be one of the most intricate and beautiful species in our world. But now, with our butterfly themed adult coloring book, you have the opportunity to create with color your own beautiful species! With abstract designs ranging through all coloring skill levels, you are sure to find relaxing components all throughout this elaborate coloring book. This book contains 30 Beautiful, Creative, Complex and Delightful Butterflies designs requiring full immersion for the ultimate in calm and relaxation. Why You Need To Pick Up This Coloring Book...Right Now! Do you remember coming home from school with your coloring book, proud of what you have done? As soon as you finish the first page in your adult book, you will be taken right back to those days. You'll want to interrupt your significant other so you can show off your latest work and when he/she turns around and says "that's nice", the sense of satisfaction you'll get will be unlike anything you've experienced before. The Possibilities Are Endless When you buy your own coloring book, you'll realize that the possibilities are endless. You will also realize that there is just something so appealing about coloring and that it is a great way for you to de-stress at the end of the day. With coloring books being more affordable than ever, there has never been a better time for you to pick up your own today. ## Customer Reviews

Do you know someone who needs a little cheer in their lives? Someone who loves the uniqueness of a butterfly? Someone who is as sick of winter as I am and just needs a little taste of spring? If so, this is the perfect coloring book for the person you are thinking about! This is my second experience with a Broderick Johnson coloring book, and once again, I am satisfied with what I have received. I ordered the online Kindle version of the book, and at the end of the book, a link to the PDF version of the coloring book is given. All I had to do was follow the link on my desktop, print it off, and voila! There it was! I think a hard copy book would be even better though, especially if you want to wrap it up and give it as a gift. (However, if you are sending it to someone afar, maybe the online version is best! Either way, I guess you can't go wrong!) Broderick Johnson has a beautiful style that will delight anyone who is looking for a ray of sunshine in their lives. In this book, there are thirty unique drawings of butterflies of different styles or in different surroundings. Some are singular butterflies on a page, which focuses in on the individual details of the particular butterfly on the page, and some pages include multiple butterflies. Many of the drawings include photos of butterflies surrounded by beautiful floral arrangements or gardens. The Butterfly Garden coloring book is nice because not only is a book bursting with happiness and warmth, it has a variety of complexities within the drawings. So for those days when you want just a simple drawing, there are a handful of those to satisfy that need. They are drawings that do not take quite as long to color, aren't overwhelming, and which will allow you to simply "be" while coloring.
