I am an architect designing a house for a client -it is a Charleston Style house with the master bedroom in a "carriage house" attached at the rear. This book helped me to create/design a more authentic carriage house. I am a horse lover from way back so I ate up the book front to back! I was pleased to find many examples of architectural details and embellishments. The plans of historic houses and barns are a rare treasure. Would be fun to build one of the farm houses!

Donald J. Berg does an outstanding job of showing the evolution of the designs and the backgrounds of the designers of single family housing primarily in the 19th century. The plans and illustrations are excellent for those that want to use them as a guide for present day construction.

I'm finding this book interesting in all respects, but the author left out an important country structure the house-barn(housebarn)
